

How You Are Helping

The mission of the Rancho Cucamonga Community Foundation is to generously support arts programming at the Victoria Gardens Cultural Center and throughout and beyond the Rancho Cucamonga community by annually raising substantial funding and effectively managing our resources.

The Foundation has approved a strategy of generous giving back to our community. Our funding priorities are:

- Support of a wide variety of performing arts activities at the Lewis Family Playhouse
- Support for performing arts activities involving local schools
- Support for visual arts events at Victoria Gardens Cultural Center and other community facilities
- Distribution of Arts Scholarships to deserving groups and individuals

The \$1 Million Golf Tournament is the Foundation's major annual activity to raise funds. Funding raised from this tournament will support Artist in Residency programs, World Music Concerts and Community Theatre performances. It will also allow us to provide free tickets to disadvantaged school children to attend Theatre for Young Audience productions.

We sincerely thank you for your support!
